A tour of the New Moscone Center also highlighted day lighting and energy efficiencies.

San Francisco IFMA Mission Statement

San Francisco IFMA provides an informative and fun forum in which members foster relationships, network with peers and industry professionals, and enhance careers through educational development.

The renovated Ferry Building has been the site of multiple tours and tastings for the chapter.

Facility Management
Association**

**Membership
Information**

The majority of IFMA members serve multi-function roles for their employers including: administration, architecture, engineering, operations and maintenance, real estate, and space planning. More than half describe their primary role as "department head", with two-thirds managing staffs of six or more plus contract personnel.
